

Your petition is a request that a School of Graduate Studies regulation be waived. As with any request, it will be processed quickly if you write your petition clearly and concisely and complete all applicable items on the form. Your petition need not be typed; however, if your handwriting cannot be interpreted or your request is not clearly written, the petition will be returned to you for clarification. In addition, a current and accurate program of study must be on file in the School of Graduate Studies before your petition will be processed.

Some tips on petitioning:

- When requesting an extension to the seven year limit for completing degree requirements, state the specific academic quarter and year by which you intend to complete the requirements. Requests for an unspecified amount of time will be tabled for clarification.
- If you are petitioning to transfer more than twelve hours of graduate coursework into your graduate program, you must have on file in the School of Graduate Studies official transcripts for all courses for which you desire transfer credit.

Your petition will be forwarded to your academic program and then to the appropriate college/school petitions committee for review and recommendation to the Dean, School of Graduate Studies. The processing time of your petition is dependent on the meeting dates of the petitions committees. Consequently, it is difficult to predict, with accuracy, when a final decision will be made. **You will be advised of the results of your petition by email.**
