As an applicant for one of the Teacher Education Department's Educator Preparation Programs, I understand that the department will conduct an official student records check. Information received from the records check will be used as part of the application review process. Information from the records check will be examined for student conduct decisions, behavioral issues, actions, etc. that may not align with the attributes, required by our accrediting body, the Ohio Department of Education, etc., of teachers who will be working with Prekindergarten through Grade 12 minor students. Applicants may be required to sign a release for the disclosure of information from other institutions as a condition of their admission. An applicant may be denied admission (or admission may be rescinded) if a student elects not to execute the release.
