

Practicum and Internship Site List

WSU Counseling Sites and Supervisors

Below is a list of sites that have currently and recently hosted Wright State University Practicum and Internship students, along with their respective points of contact. Each site on this list has a supervisor that meets the necessary requirements to be an appropriate supervisor to Wright State students. This list is meant to be a starting point for students and is by no means exhaustive. Students are NOT required to choose a site from this list and are welcome to search elsewhere for sites, as long as the site/supervisor meets the necessary requirements of the student's individual major.

The site list below is categorized by program based off of which program the most recent student placed at the site was in. Students are welcome to contact sites from any of the program lists, as long as the site has a supervisor that meets the necessary requirements for the student's individual major. Requirements for site/superivors can be found in the practicum and internship manuals.
