

REQUIRED TRAINING MODULES FOR PRE-LICENSURE STUDENTS

The required learning modules of Blood Borne Pathogens and the Clinical Passport (GDAHA) must be completed prior to the start of the nursing program and then **annually**.

1. Access the learning module(s) by clicking the link @ <https://pilot.wright.edu/d2l/le/content/473599/Home>
Log into Pilot and access the course is entitled Training for the School of Nursing. *Be certain to perform the correct training year per instructions.*

2. Complete the learning modules and take the quizzes. You must achieve a 75% on the Blood Borne Pathogen quiz and an 80% on the Nursing Clinical Passport.

3. After successfully passing the quizzes, each program will generate a **Certificate of Completion** (Pdf) in the **AWARDS** tab at the top of the Pilot course. Your name and a date will be stamped on the certificate.

4. Download the certificates to your Castle Branch account. You may also save a copy for your records.

NOTE: If you receive an “Error” notice when you attempt to log into the training, please notify Julie Hunt @ Julie.hunt@wright.edu. She will need your “W” number to enter you into the training.
