Psychological Assessment Services
To submit a request for testing, please go to: https://psychology.wright.edu/about/psychological-assessment-services

Who are we?
We are a specialized team made up of psychologists and doctoral-level students. You will be assigned a team prior to intake. PAS is overseen by Dr. Susan George & Dr. Gokce Ergun, who are licensed clinical psychologists.

What to expect?
Once we have met with you to understand your concerns, we will customize a plan to evaluate those concerns. We may speak to others you work with (e.g., doctors, case workers, therapists). At the end, you will receive a report, which will explain the results. It will provide a set of personalized recommendations to best help you.
What do you need to bring with you?
It is helpful for you to bring a copy of the following documents for your team:

<table>
<thead>
<tr>
<th>ADHD &amp; Learning Disorders</th>
<th>Past school records and college transcripts; Individualized Education Plans (IEPs)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Autism, FASD, Other Disorders</td>
<td>If Applicable: Past psychological evaluations, medical records &amp; past medical/genetic tests relevant to your concerns.</td>
</tr>
<tr>
<td>Other</td>
<td>Custody Paperwork re: Guardianship if applicable.</td>
</tr>
</tbody>
</table>

Please note that we do not provide therapy. If you are in need of immediate help, please consider contacting one of the following providers:

- Counseling and Wellness Center (Wright State Students only): 937-775-3407
- Raider Cares (Wright State Students only): 833-848-1765
- Community Network - Crisis Unit (Greene County): 937-426-2302
- Samaritan Behavioral Health Crisis Care (Montgomery County): 937-224-4646
- Samaritan Behavioral Health Integrated Care Solutions: 937-734-8333
- South Community Behavioral Healthcare: 937-293-8300

Thank you and we look forward to working with you!

Dr. Susan George & Dr. Gokce Ergun
