

## **Pilot: Training for the Nursing Program**

### **Blood Borne Pathogen and Clinical Passport**

<https://pilot.wright.edu/d2l/le/content/707067/Home>

The required learning modules of Blood Borne Pathogens and the Clinical Passport (GDAHA) must be completed prior to the start of the nursing program and then **annually**.

Access the learning module(s) by clicking the link @ <https://pilot.wright.edu/d2l/le/content/707067/Home>

Log into Pilot and access the course is entitled ***Training for the Nursing Program***. Be certain to perform the correct training year located under Table of Contents to the left of the main course page.

Please read the training documents and then complete the following:

1. Take the quiz for the Blood Borne Pathogen training. You must achieve a 75% on the Blood Borne Pathogen quiz to generate the Certificate of Completion. You have unlimited attempts to obtain the 75%. After successfully passing the quiz, a ***Certificate of Completion*** (Pdf) will generate in the **AWARDS** tab at the top of the Pilot course. Your name and a date will be stamped on the certificate.
2. Read the Clinical Passport document and then sign/date the ***Statement of Understanding***.
3. Submit the Completion Certificate of Completion (Pdf) for the Blood Borne Pathogens training and the Signed/Dated Statement of Understanding for the Clinical Passport into the designated tabs in your Castle Branch program compliance account. You may also save a copy for your records.

Your annual renewal will be set one (1) year from the date on both documents.

**NOTE:** If you receive an “Error” notice when you attempt to log into the training, please notify Julie Hunt @ [Julie.hunt@wright.edu](mailto:Julie.hunt@wright.edu). Julie will need your “W” number to enter you into the training.
