Time to Completion for students entering the program with Advanced Standing: Students entering SOPP after having completed a separate Master's degree program in psychology do not automatically have advanced standing. From 2010 to 2019, select students applying to the doctoral program who had completed a separate Master's degree in psychology or a minimum amount of graduate level coursework were eligible to be considered for an accelerated curricular plan (3 years of academic coursework and practicum plus one year of internship) compared to the standard 4 + 1 curricular plan. The first of those students graduated in 2014.
